MAGNESIUM (Mg)	1.0%	
1.0% Water Soluble Magnesium		
IRON (Fe)	0.4%	F002174

APPLICATION RATES

2.5 cups ≈ 1 lb; ½ cup ≈ 3.2 oz; 1 tbsp ≈ 0.4 oz

Vegetable Gardens: To prepare new gardens, apply ½ cup per square foot and thoroughly mix into the top 3" of soil. For new transplants, add 1-2 tbsp per hole, mix into soil and water in well. To feed established plants, side dress 2-4 tbsp per plant, depending on plant size and desired growth rate, twice each month during the growing season.

Outdoor Containers: For new plantings, add 2 tbsp per gallon of soil and mix thoroughly. To feed established plants, lightly mix 1-2 tbsp per gallon into the soil surface twice each month during the growing season.

Use of a dust mask is recommended for application of any dry fertilizer product.
