

Hawaiian Blend Granular Root Growth Enhancer

Mycorrhizal Fungi

Net Wt. 2 oz. (56 g)

Hawaiian Blend Granular Root Growth Enhancer is an Endomycorrhizal inoculant formulated specially for Hawaiian soils. These microscopic soil organisms are critical for promoting enhanced activity in the rhizosphere, improving the surrounding soil structure and developing extensive root networks. By greatly expanding the absorptive surface area of plant root systems this symbiotic relationship can aid in improving nutrient cycling and protecting against a variety of plant stresses including drought and environmental extremes. **Hawaiian Blend Granular Root Growth Enhancer** can be applied directly under seeds, cuttings and transplants or blended into garden soils and potting media. The objective is to ensure physical contact between the roots and the inoculant.

1 oz ≈ 2 Tbsp

Vegetable Gardens & Flower Beds: When transplanting, apply ½ teaspoon per plant directly onto roots or sprinkle under roots in the prepared hole. When seeding, apply 1 teaspoon per row foot directly in furrow. For general use, spread 8 oz per 25 square feet and mix into the top 3" of garden soil.

Containers & Houseplants: For new plantings, apply ½ teaspoon per plant directly onto roots or sprinkle under roots in the prepared hole OR add 1 tablespoon per gallon of potting media and mix thoroughly before planting.

Trees, Shrubs & Vines: Apply 1-2 tablespoons per 1" of stem caliper directly to plant roots or spread under roots in the prepared hole.

CONTAINS NON-PLANT FOOD INGREDIENT(S):

Endomycorrhizal fungi:

Glomus intraradices	66 prop/gm
Glomus deserticola	13 prop/gm
Glomus clarum	13 prop/gm
Glomus monosporum	13 prop/gm
Paraglomus brasilianum	13 prop/gm
Gigaspora margarita	13 prop/gm

(59,420 propagules/lb total)

99.9% Inert Ingredients

Store this product between 40° and 85° F. Avoid temperatures in excess of 140° F.

Product expires two years from production date stamped on bag (Month/Year).

CAUTION: Keep out of reach of children and pets. Do not ingest or inhale. Avoid contact with eyes or skin. Wash hands after use.
